## Welcome to the Warragul Regional College BYOD Portal

On this portal you will find a range of education specific products at discounted prices ranging from tablets to laptops. These products have been specifically chosen as they are the most suitable products for the use of students within schools. Typically these products are non-retail products, meaning you won't find them in JB Hi-Fi stores. What sets them apart as education products is their stronger design and build (providing additional protection) as well as extra onsite (at school) warranties and accidental repair options. All orders will be delivered to your nominated JB Hi-Fi store. You will receive both an email and an SMS notifying you once your order is available for collection.
